When to visit the Lodge

Rainbow Trout June 8 through Oct 15
Average size is 24" - 26" fish on many rivers throughout the region.

King Salmon June 15 through July 31
Excellent fishing throughout the season for 25 - 30 pound fish on the Naknek

Sockeye Salmon June 28 through July 20
World's largest salmon run passes right in front of the lodge.

Silver Salmon July 28 through September 25
Very exciting fish to catch; excellent combo with big rainbows.

Fall Rainbow September 1 through October 15
Trophy fishing for the largest rainbows in Alaska right in front of the lodge on the Naknek River.

Chum Salmon July 15 through August 20
Great fighting sport fish averaging 12 pounds; excellent for fly fishing.

Two-Handed Spey Casting The NakNek River is tailor made for spey casting with long runs of great stretches of fishable water. The best times to fish for rainbows on the NakNek with a Spey rod are June 8 through June 28 and again September 1 through October 15.
